PARENTS' HANDBOOK OF PROFESSIONAL CAREERS AFTER 10th /12th

FAQs by Parents of 9th - 12th Graders

1. **How do I help my child to choose the right career option after school?**
   a. Identifying the Aptitude, Personality and Interest (API) of the child is the key. His/Her comfort in particular subjects at grade 9 and 10 level and further at grade 11 & 12 level shall help us understand his/her aptitude. Observing the child while being engaged in different activities will give us an insight about his/her personality. Activities which really interest him/her will show us his/her interest area. By aligning these three aspects, we can help him/her choose the right stream. You can also take help from an Expert Career Counsellor. Get the child's API testing done at iQue Foundation. We will do Brain mapping of the child to help him/her choose the right stream.

2. **What are different Career options after 10th?**
   a. In Indian education system, there are only 4 streams available after 10th. The child can choose to take Science A-Group(Physics, Chemistry, Mathematics), Science B-Group (Physics, Chemistry, Biology), Commerce Group (Accounts, Statistics, Economics, Business studies) or Arts/Humanities Group (History, Geography, Psychology, Political Science).

4. **My Child is not good at maths, will a lot of streams get closed for him if he leaves Maths after 10th?**
   a. No, for all the general degrees open to any stream, no mathematics is required in grade 11/12. Also he/she shall not be at loss in any general stream.

5. **My child wants to take a particular stream after 10th/12th because all his friends are going in that stream. What should I do?**

Rather give him/her a course of his/her interest which will make the child smart. Subsequently, he/she will be in a position to take your business forward.

7. **My Child has a very wavering mind. He/she comes up with a different choice every now and then. What should I do?**
